1. P=available also with paper liner.

2. Temperatures related on heat transfer vinyl; for the inks features, refer to the data sheet inks producer's.

Our products comply with regulation n° 1907/2006/EU (REACH)

The Oeko Tex certification applies to certain products as listed on our website www.b-flexitalia.com

You can view the data sheets directly from the label outside and inside the packaging with the QR code and work faster and easier.

The data represents the average values tested in our laboratory at normal environmental conditions. This information is given without guarantee. Due to variances in the manufacturing process of fabrics, B-Flex highly recommends conducting a test on the desired material before each application.

GIMME5

Top-notch quality with a quick application

“Whether I customize cotton t-shirts, hoodies, or work pants, which heat transfer vinyl can offer ease of use while guaranteeing a long-lasting result?”

We created **GIMME5** to answer that question. It applies in just 4 seconds at 140°C/285°F, offers a wide color selection, is fully opaque even on dark garments, and has an elegant matt finish. Thanks to its thickness of only 80 microns, **GIMME5** is pleasant and soft on any garment and easy to use. This film is made using only the highest quality raw materials, which ensures a long-lasting application. We have tested it to last over 100 wash cycles at 90°C/194°F. **GIMME5** is also available in a printable version called **FIVE PRINT 00**, with a semi-matt finish, or **FIVE PRINT 01**, with a matt finish.

Are you old school? Is four seconds too fast for you? Use our **BF700** series. It's a quality film that has been tested over time as it was the first product released by B-Flex. The printable version of our **BF700** is called **BF PRINT 00**, with a semi-matt finish, or **BF PRINT 01** with a matt finish.

WORK

Are you a professional in the workwear industry?

These products are ideal for safety gear as they can provide high visibility

REFLECTIVE EFFECT

Choose **BF REFLEX**, or **BF PRINT REFLEX** for the printable version. It can be applied on vests, jackets, pants, and other cotton or synthetic garments. Its reflective finish will give your products that high visibility you're looking for. The silver films are certified with fire retardant and high visibility according to the relevant international standards. The **BF REFLEX** series offers a wide range of colors to respond to the world of sportswear and fashion that is increasingly looking for unique and surprising effects.

GLOW-IN-THE-DARK EFFECT

Make your designs stand out thanks to the glow-in-the-dark effect of our **BF GLOW IN THE DARK**, and its printable version, **BF PRINTGLOW**. It's ideal for applications on cotton, synthetics, and mixed fibers.

BF SUBLISTOP

BF SPORT

SPORT

Are you in the sportswear industry?

How do you choose the correct heat transfer vinyl to use on specialized fibers used in the sportswear world?

POLYESTER ATHLETIC GARMENTS

How can you prevent dye-migration from sublimated polyester onto your heat transfer letters?

Use **BF SUBLISTOP**, or its printable version, **BF PRINTSU**. Also try **BF SUBLISTOP 80**, with a thickness of just 80 microns it's soft.

K-WAY®, WINDBREAKERS, BAGS, AND NYLON FABRICS

Use **BF NYLON** and its printable version **BF PRINT NYLON**. Thanks to its custom-designed adhesive, **BF NYLON** ensures a strong bond for a long-lasting result.

BF NYLON

BATHING SUITS, LEGGINGS, AND ELASTIC FIBERS

Use **BF STRETCH**. Our most stretchable heat transfer vinyl. Thanks to its thickness of only 65 microns, it has a soft feel and blends perfectly with the garment it's being pressed on.

SOFTSHELL AND PUFFER JACKETS

The exceptional **BF WINDSTOP** has three main characteristics that make it ideal for applications on softshell jackets: It applies at just 110°C/230°F, it has a sublistop barrier that prevents dye-migration, and a powerful bond that ensures a long-lasting application even on difficult garments.

BF STRETCH

BF SANDY GLITTER

FASHION

Are you in the fashion industry?

Are you inspired by the latest fashion trends? Unleash your creativity using B-Flex's heat transfer vinyl created specifically for the fashion industry.

SPARKLY EFFECT

Use **BF GLITTER** or **BF SANDY GLITTER**. Both will provide a sparkly effect that only a glitter vinyl can provide. With **BF GLITTER**, you can maintain a soft and pleasant surface on your garment. Its glitter flakes are placed inside the vinyl's layers during production. With **BF SANDY GLITTER**, you'll have the flashiest glitter vinyl with a textured surface. **BF GLITTER** is available in a printable version in three different colors: white (**BF PRINTGW**), silver (**BF PRINTSG**), and gold (**BF PRINTGG**).

GLOSSY FINISH

With **BF VARNISH** you can obtain a super glossy finish that will give your garments a shiny appearance.

PEARL EFFECT

BF METALLIC and its printable version **BF PRINT PEARL**, are films that will make head turn thanks to them pearlescent finish.

HOLOGRAPHIC EFFECT

BF GLAM will provide you with the highly sought-after holographic effect. Check out **BF GLAM RAINBOW** which contains four rainbow colors.

MIRROR EFFECT

Are you looking for a traditional mirror look? Use **BF MIRROR**. If you want that same look but need something softer to the touch, try **BF MIRROR SOFT**.

3D EFFECT

If you're trying to make your garments stand out, use **BF FATTY** and its printable version, **BF PRINTFATTY**. Having a thickness of 750 microns will make your designs pop out and feel three-dimensional.

VELVET EFFECT

BF FLOCK and its printable version, **BF PRINTFLOCK** are soft and provide a true velvet finish.

BF VARNISH

WE ARE

B-FLEX: Italian-made quality and innovation

We produce the highest quality heat transfer vinyl on the market. Ease of use, quick application, and long-lasting results are the main features of our products. **Fast shipping** and **after-sale support** are some of our competitive advantages. If you need assistance regarding your garment decorating needs, our experts are here to help.

Making your job simpler and faster is our mission.

OUR VALUES

QUALITY

We've developed the perfect formula for our heat transfer adhesive. It's reliable, thin, stretchy, wash-resistant, and works at a low temperature.

SERVICE

We pack and ship your orders within 24 hours, anywhere in the world.

CONSULTING

Our team of experts will help you find a customized solution for your garment decorating needs, guiding you step-by-step.

MADE IN ITALY

We source the highest quality raw materials, manufacture with state-of-the-art machinery, and work around the clock to provide you with the best service. Your business is our passion.

TUTORIAL

Visit our **YouTube** channel to discover new application techniques. Our tutorials will help you find the inspiration for your next project. Not just letters and numbers, but also other creative applications.
