

## PRODUCT DESCRIPTION

BF FLOCK is a flocked film composed by fine rayon viscose with an adhesive polyester. The bright colors available make innumerable creations and the velvet effect is soft and pleasant.

The cutting line of all the films is highly visible and the workability of the product is unique; its polyester adhesive carrier allows for fast weeding and easy repositioning of any small details that might have accidentally lifted from the carrier.

The 500 micron thickness and the consistency of the BF FLOCK make this film ideal for applications on all types of organic, polyester and mixed fabrics
